ZEPTO Teardown (Image Screens – Click to View PPT) Q-Com Teardown

Company Mission & Vision

Vision

- To make 10-minute delivery the new normal
- To become the leading quick commerce platform in India, setting new standards in delivery speed & customer satisfaction.

Mission

- To revolutionize the way India shops by providing ultra-fast grocery and other essential product deliveries.
- To make daily essentials accessible at the tap of a button through rapid commerce.

Core Problem & Use Case(s) | Zepto would cater better to the time conscious

- Wanting things fast and easy – usually cravings & urgencies, often lethargy in GenZ

Target Segments & Roles

Aastha, 29, Mumbai, Convenience Seeking Working Professional – Main Target

- Plan and buy necessities quickly – seeks fast and simple delivery – not particularly price sensitive

Gaurang, 24, Hyderabad – Deal Seeking Student

- Plan and buy urgent needs & temptations quickly (White Monster – yes.) – Price Sensitive, Need Quick Access
- Specific Product Needs, might want scheduled delivery given classes

Hema, 48, Delhi – Value Seeking Homemaker

- Reliable Products & Grocery needs – Highly Price Sensitive
- Struggles with complex interfaces, generally reorders

Fun Persona – New Mothers

- Long journey – varying needs over a period of time, imperative needs to due the kid existing & learning over time

Key Value Proposition & Differentiation

- **Speed through a Density-first model** - They are present in roughly 10 major metros but aim to dominate them. Instead of spreading thin, they build a robust network of dark stores in a city before moving. (https://www.zeptonow.com/s/del-areas)

Feature & Capability Analysis

Business Side

- **Zepto Atom** - an advanced data insights subscription for Consumer Brands in India.
  - PIN code level Brand Performance & Market Share for Targeting + Realtime Variability (Minute-by-Minute Data – Sales, Impressions, Conversion)
  - **Zepto GPT Embedding** – NLP Assistant on Zepto's Dataset to answer – How can I grow my market share in Bengaluru?
  - Advanced Customer Behavioral Analytics Subscriptions – incl. data on **customer retention**, **share of voice** in search, and a full-funnel view of the purchase journey

User Side

- Swap & serve – switch basket with related cheaper product wherever applicable
- Use formula Action Verb + Task + Result

Recent Product or Feature Launches

- Aug '25: Zepto Pharmacy – compete with 1mg, Apollo, PharEasy – Meds in 10 Minutes – Ltd. Catalog beaten by Minutes
- May '25: Zepto Atom – Data insights Platform
- May '25: Swap & Save – Zepto automatically suggests cheaper alternatives to items added to a customer's cart and users can opt to swap the suggested product as a replacement
- Zepto Daily – Low Flat Delivery Fee, Encouraged Daily Ordering v/s erstwhile Pass that made it free

- **Packaging: No discreet packaging** is currently offered (in development) [Available for only a few items]
- **Restricted Items:** Paan/cigarettes require ordering via a **separate web portal** – *No Age Guardrail*

Business Operations & Financials

- Zepto majorly owns and operates dark stores as central to its business model; but also run a Franchise Model
- In major markets like Delhi, Bengaluru and Mumbai, Zepto offers a base commission of 3% of gross sales value. In newer markets, the rate is 2.75%. By comparison, Blinkit's top-tier commission stands at 2.25%.
- Zepto offers franchisees an additional performance-based payout of up to 1.25% of GSV
- Franchisees earn incentives for hitting the target, with the goal being to pack 90% of orders within 120 seconds.

	Swiggy Instamart	blinkit	zepto
# of dark stores	609	1,007	c.750 - 800 +
AOV	499	707	c.415 +
Avg Daily orders	c.800K +	c.1,200K	c.900K +
CM (loss/profit) per order	-10	25	Undisclosed
Loyalty program	Swiggy One	NA	Zepto Pass

For Economics etc. of the Store. More in Appendix

Recent Financials

- Zepto reported a staggering ₹11,110 crore (~$1.3 billion) in revenue, a 150% surge from ₹4,454 crore
- Spent ₹1.29 to earn every ₹1 in revenue
- Aims for an IPO in 2026 and works toward achieving EBITDA break-even in the next 12–15 months

Market Trends - QC

- Quick commerce platforms are now focusing heavily on profitability by improving average order values (AOV)
- DAUs for both Zepto and Blinkit were 5.5 million in December 2024. In June 2025, this number reduced to 4.9 million for Zepto, but rose to 6.2 million for Blinkit; Instamart at 1.1M DAUs

PM Metrics

Objectives – Revenue (Primary) - https://assets.nextleap.app/submissions/NL_Zepto-a0a158bf-2233-4cc1-8ce3-b2627cb2649a.pdf

- AOV Max (Key) [See Img. For Secondary on AOV]
- Search-to-Purchase Conversion Rate

Secondary – Depends on Problem Asked
- DAUs, MAUs
- Retention Rate (D7,D30)
- Stickiness
- %New Feature Adoption (say incase of Swap & Serve)
- Session Frequency
- Time to Purchase
- Search Abandonment Rate

Other- Incase of Search Optimization Problems
- Search Usage Rate (how many discover via search)
- Search Refinement Rate (How many modified/rewritten)
- Zero Results Rate (Searches without Results

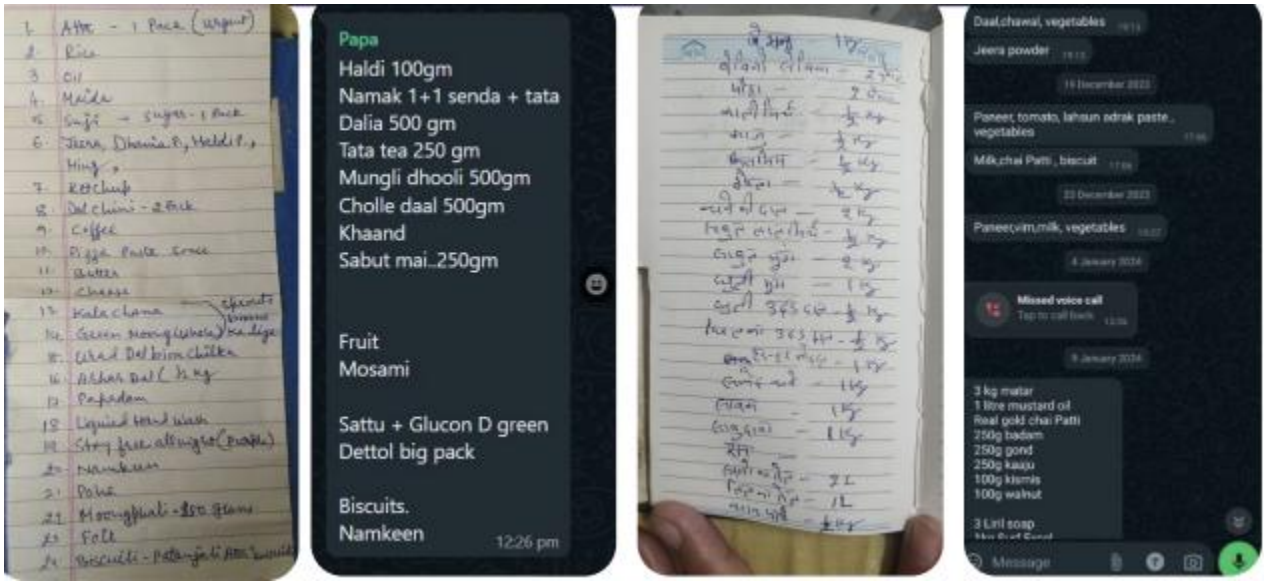

Strengths & Weaknesses

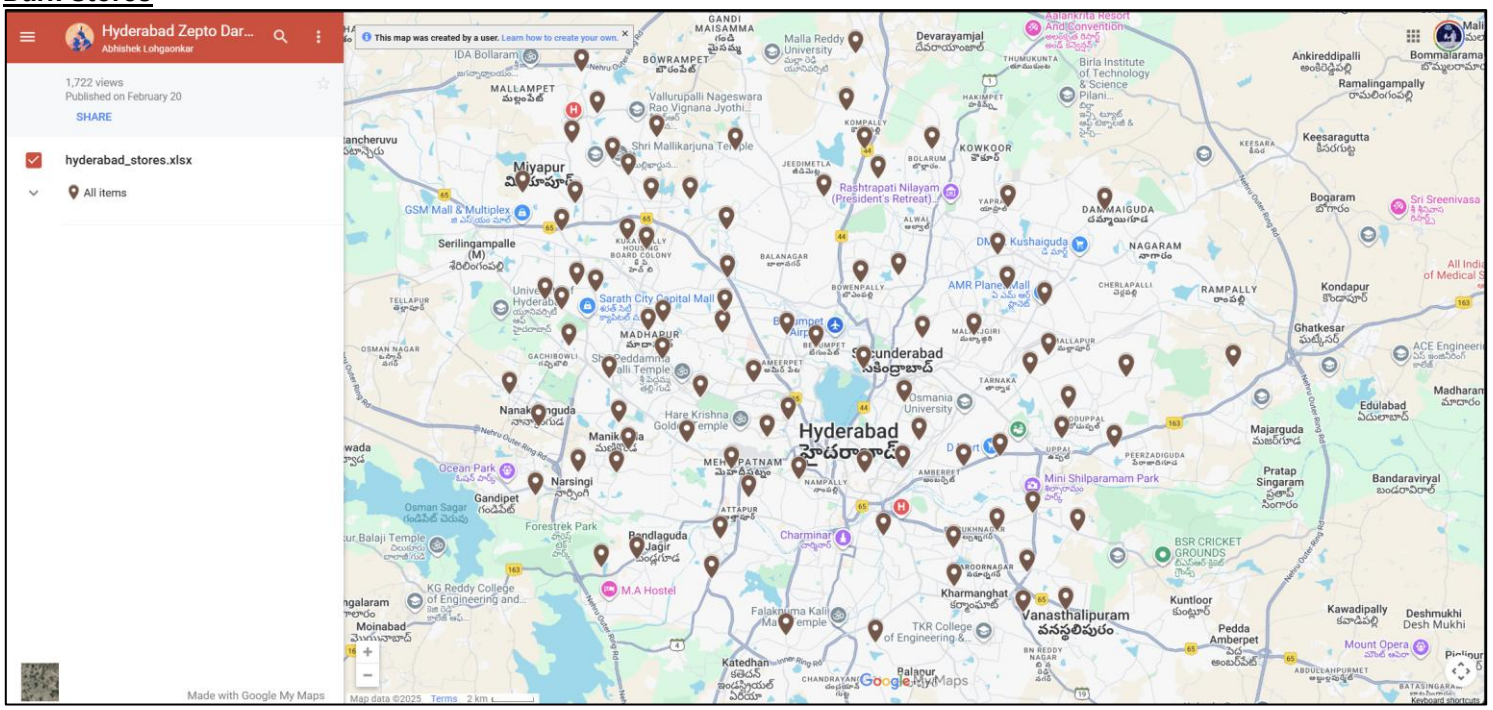

+ Network & Speed in T1 Cities | UI in general
- Dissatisfaction with the Pricing Opacity
- Product Catalog limited in Pharmacy
- *Business Side: heavily Dependent on metro & T1 markets*

Suggested Improvements / New Ideas

- Issue – Grocery Lists; People Forget parts of an Order while Ordering - OCR to read from Images/ Paste WhatsApp Grocery Lists for Easy Ordering XP; Add to Wishlists for Items out of stock – Reduce Lost Value
